PROFILE

I am a passionate and detail-oriented web developer with 2.8 years of experience designing, developing, and maintaining responsive websites and web applications. Proficient in modern web technologies, including HTML, CSS, JavaScript, and frameworks like React. Skilled in back-end development with Node.js, PHP, and database management using MySQL.

With a strong focus on user Interface, performance optimization, and clean code practices, I have successfully delivered projects for e-commerce platforms, corporate websites, and dynamic web applications. I thrive in collaborative environments, enjoy solving complex problems, and stay up-to-date with the latest industry trends and tools.
